

MINE PRODUCTION LAST MONTH ABOVE AVERAGE

Estimated That Over 32,000 Tons of Ore, at a Value of \$880,000, Were Milled.

Slowly but surely Tonopah is coming into its own and making itself felt as one of the greatest mining camps on earth. For the year prior to the last summer the production of the camp has stood about the \$700,000 mark, but the last three months have shown a decided and rapid improvement over those figures, and it remained for July to make a production that exceeds anything heretofore recorded. The figures for that month, as taken from the books of the various operating companies, show that over 32,000 tons of ore were sent to the mills, and it is

estimated that this ore had a valuation in excess of \$880,000. This is by far the heaviest production the camp has ever known and it has brought the amount of money the camp is turning out up to the average of Goldfield, which has been running about \$850,000 a month. Great as this production seems to be, it is safe to assert that it will be increased from month to month, as the mines are getting in better shape every day and the output increasing. Goldfield is justly entitled to the record as a gold producer, but as a silver-gold producer Tonopah is going to get into a class all by itself.

CORONER'S JURY HOLDS INQUEST ON F. C. MURPHY

FINDS THAT DECEASED CAME TO HIS DEATH FROM NATURAL CAUSES.

The jury called to inquire into the death of Francis C. Murphy, the unfortunate young man who met such an agonizing death at Four Mile Springs the middle of last week, convened at the office of Coroner Atkinson yesterday afternoon at 4 o'clock and after listening to the testimony of John Holmes, A. B. Covey, W. Marsh and the reading of the deposition of the Clifford boys, who found the body, returned the following verdict:

We, the undersigned jurors, summoned to appear before H. H. Atkinson, coroner of the township of Tonopah, county of Nye, state of Nevada, on the 5th day of August, 1910, to inquire into the death of Francis C. Murphy, the said Murphy having died 900 feet south of Four Mile, Nye county, Nevada, on or about the 28th day of July, 1910, having been duly sworn according to law and having made such inquisition, after viewing the body, hearing the testimony adduced, upon our oath, each and all of us, do say that we found the deceased to be named Francis C. Murphy, a native of Covington, Ky., aged 34 years, and that he came to his death on or about the 28th day of July, 1910, at the place above stated, from natural causes, the time and nature of which is unknown to the jury, and that there was no evidence of violence done him.

J. B. LINDSAY, Foreman. The jury consisted of J. B. Lindsay, foreman; W. M. Sawle, John Hansam, W. S. Bryden, S. Fox and J. W. Skelton.

GOLDEN'S CASE CONTINUED TO AUGUST 22

DEFENDANT ANNOUNCES ADDITIONS TO HIS STRING OF ATTORNEYS.

The application to continue the case of Frank Golden, indicted for embezzlement, to which he pleaded not guilty, was heard before Judge Averill in the district court yesterday afternoon. After listening to the arguments pro and con, and with the consent of the attorneys for the defendant, the judge set August 22nd as the day for beginning the trial. The regular venire of jurymen will be present on that date and from their number the trial jury will be selected. J. F. Dennis, attorney for Golden, announced that Campbell, Metson and Brown and Attorney Thomas had been added to the list of counsel for defendant and that their names be inserted in the records.

J. T. TOLLESON TO HAVE HEARING FOR CUTTING C. W. KIESER.

Constable S. P. Santos arrived in Tonopah yesterday having in custody J. T. Tolleson, whom he arrested at Manhattan the day previous for an assault on C. W. Kieser with a knife at Athens one day last week.

Yesterday afternoon Tolleson was taken before Justice of the Peace Atkinson for a preliminary hearing but owing to the absence of all witnesses to the affray the case went over till Tuesday of next week. J. A. Sanders, attorney for Tolleson, asked that in the meantime his client be admitted to bail and the request was granted, the bond being set at \$750, with Harry Stimler and W. J. Sinclair as sureties. Subpoenas were issued for Kieser, the injured man, and several witnesses.

When last heard from Kieser was at Mina receiving medical attention for his wounds, which are not regarded as serious, though a cut he received in the face will probably disfigure him for life.

To a Bonanza representative Tolleson stated that the trouble between him and Kieser occurred at Athens in a saloon in which Tolleson was assisting in attending bar. A fight was in progress between some of the frequenters of the place and Tolleson, stepping from behind the bar, tried to stop it. He had no more than interfered when Kieser jumped at him and struck him two heavy blows in the face. The latter blow dazed him and as he was coming to Kieser rushed at him again and as he did so Tolleson drew his pocket knife and slashed him.

Tolleson is well known in the mining camps surrounding Tonopah and has valuable mining interests. He has many friends and has always been regarded as a law-abiding citizen.

FUNERAL OF FRANCIS MURPHY.

The funeral of Francis C. Murphy took place from the undertaking establishment of Wonacott and Hall at 8 o'clock yesterday morning and was attended by many friends of the deceased. Interment took place in the city cemetery, where services were held by the Rev. J. J. H. Reedy of the Episcopal church.

WILL CALL ON TONOPAH FOR WATER SUPPLY

PIPE LINE LIKELY TO BE RUN FROM RYE PATCH TO GOLDFIELD.

There is a persistent story going the rounds, and it is given a considerable degree of credence, that sooner or later Goldfield will have to come to Tonopah for the water necessary to run its mills. For a long time past it has been an open secret that Lida springs, the source from which Goldfield has been getting its water, have been rapidly decreasing in their flow. These springs, which are owned by the Goldfield Consolidated Water company, have also been furnishing the water which supplies the gold camp's mills, but during the past few months the supply has been inadequate, necessitating on a number of occasions the hanging up of several batteries of the Consolidated company's big mill.

This proceeding has become more or less displeasing to the big company, as it means a curtailment of production, and that is not altogether to their liking, so a short time ago, it is stated, they entered into negotiations with the Tonopah United Water company to furnish them with the water needed, and the negotiations have gone so far that it is more than likely that work will soon begin on the ditches that will carry the pipe line from Rye Patch to Goldfield.

Should this proposition materialize and it now seems probable that it will, it will mean that several hundred men will be given employment on the ditch during the next few months.

SPLENDID PROGRAM AT THE BUTLER THEATER

The Butler theater program for today consists of the following: "Reconciliation of Foes" is the scene of a battle supposed to have taken place during the reign of Romulus, the founder of Rome. "A Hunting Story" is a palatable comedy, and as the name signifies, is a worthy successor to the time-honored "Fish story" told around every fireside.

"A Child's Faith" is a Biography drama in which interest centers in the simple faith of a child.
